Interestingly, the admonition to “be ye therefore perfect” is immediately preceded by counsel about how we should act in response to wrongdoing and offense. Clearly, the rigorous requirements that lead to the perfecting of the Saints include assignments that test and challenge us.

If a person says or does something that we consider offensive, our first obligation is to refuse to take offense and then communicate privately, honestly, and directly with that individual. Such an approach invites inspiration from the Holy Ghost and permits misperceptions to be clarified and true intent to be understood.
